## Work History

**FFA Architecture + Interiors** - Portland, OR

**Designer**

Jun. 2015 - Present

Assist in all design phases and construction documentation on a wide variety of projects including civil, commercial, higher education, mixed use residential and others. Revit, Auto CAD, Sketch Up and Adobe Creative Suite programs are used.

**Notable Projects:**

- Boise East Library - Bown District
- Redmond City Hall
- 10th & Yamhill Parking Garage Remodel

**AXIS Design Group** - Portland, OR

**Intern Architect**

Aug. 2014 - May. 2015

Assist in the design and construction document phases of a wide range of project types. Build 3D models for design purposes as well as project renderings. Put together RFP packages for new projects. Used Revit, Auto CAD, SketchUp and Adobe CS programs.

**BBT Architects** - Bend, OR

**Architectural Intern**

Dec. 2012 - Apr. 2014

Provide technical and design support through all stages of projects of a wide range of building functions, using Auto CAD. I was also the main 3D modeler and process image producer in the office using SketchUp, Kerkythea and Photoshop.

**MBH Architects** - Alameda CA

**Architectural Apprentice - Restaurants Studio**

May 2012 - Sept. 2012

Assist the Project Managers with designing restaurants and developing the construction documents in both Revit and Auto CAD from projects ranging from tenant improvements to complete new constructions; most often working on multiple projects at once.
